

Data Analyst with hands-on experience across analytics and data engineering. I use SQL, Python, PySpark and Microsoft Fabric to build pipelines, medallion data models and reporting solutions from requirements through to delivery. My current work supports local government services and includes dashboards for senior leadership and the Executive Board.

EXPERIENCE

BURY COUNCIL

- Data Analyst** | Oct 2024 - Present
Data Insight & Analytics Team | Bury, Greater Manchester
- Build and maintain Microsoft Fabric solutions using Lakehouses, Warehouses, Data Pipelines, notebooks, SQL, Python and PySpark across Bronze, Silver and Gold layers.
 - Gather requirements with stakeholders and deliver data products from source ingestion and modelling through to Power BI reporting.
 - Work with SQL Server/SSMS, Oracle and Amazon Redshift, alongside APIs and curated datasets across development environments.
 - Built a logging and monitoring platform that improved visibility of orchestration and data-processing activity across the Fabric estate.
 - Built a broad HR Power BI dashboard covering workforce, agency staff, apprenticeships, absence, honorariums, equality and mandatory/essential training for senior leadership and the Executive Board.
 - Use Git pull requests and peer review, with unit testing and technical documentation forming part of project delivery.

JENSTEN TECHNOLOGIES LTD

- IT Technical Lead / Junior Data Analyst** | Mar 2023 - Sep 2024
Greater Manchester | Hybrid
- Spent the final eight months working across Technical Lead and Junior Data Analyst responsibilities, increasingly focusing on SQL, data quality and reporting.
 - Used SQL to investigate and correct bordereaux data, build queries and support internal reporting.
 - Created dashboards for the Service Desk and internal teams while continuing technical leadership responsibilities.

Central Service Desk Team Leader | Nov 2022 - Mar 2023
Service Desk Analyst | Nov 2018 - Nov 2022

McDonald's

Crew Member | Nov 2014 - Nov 2018

EDUCATION

Oldham Sixth Form College | 2012 - 2014
A Levels: Business Studies, Law and History - CCC
